Tools and processes that strengthen the school quality review process for Multilingual Learne/English Language Learner programs and services

Our goal is to prepare all Multilingual Learners/EnglishLanguage Learners(MLLs/ELLs)pr successbeginningin prekindergartento 0.00ac(n)

The MLL/ELL Program Quality Review Continuum employs the 6 Tenets from the DTSDE to organize what schools need to implement to offer a Quality MLL/ELL Program:

Tenet 1—System and Organizations Effective schools establish schoolwide systems and structures that promote continuous improvement and success for all students.

Tenet 2—School Leadership: Visionary leaders create a school community and culture that leads to success, well-being, and high academic outcomes for all students.

Tenet3—Curriculum:Effective schools provide students with rigorous, coherent, and relevant curricula that prepares students for success.

Tenet 4—Instruction: Effective teachers engage with students in a manner that promotes mastery and allows students to stretch their knowledge and deepen their understanding.

Tenet 5—SocialEmotional Learning: Effective schools develop a systematic approach to social-emotional learning to ensure that all students can develop social-emotional learning skills necessary for success within and beyond school.

Tenet 6—Parent and Community Engagement: Effective schools develop a systematic approach to Parent and Community Engagement to empower parents to effectively advocate for their child's learning and for the improvement of the school.

the highest to Level 1 signifying Initiating followed by Level O that signals that there is no evidence of alignment to the indicator (in some cases this might be flagging a serious compliance issue). Immediate action on indicators assesses at Level 0 is required.

Carefully read through each indicator and assign it the level you believe reflects the reality of how the school is performing, shade or highlight the Level cell that matches your assessment.

Enter any evidence you have observed or discussed that provides support for your score in the final column to the right. In addition, the information gathered should also determine if particular practices are not aligned at all. (Those items will need immediate attention from the school community.)

Once each indicator has been scored, under a given Pillar, you will create an average of all the scores that will summarize the totals for that Pillar.

Continue the process outlined above for each of the Pillars

Step4: Improve Practices

You will now move on to the next tenet and repeat the process outlined above for each of the remaining tenets. At the end of this document there will be a table where you will place the final averages at which you have arrived for each of the six tenets. After the team determines the level for each tenet, you will have a clear picture of the school's readiness to support MLLs/ELLs and can prioritize improvement areas for the year to include in your school improvement plan.
