Why should schools focus on the cultures of their students?

The New York State Education
Department understands culture as
the multiple components of one's
identity, including but not limited to:
race, economic background, gender,
language, sexual orientation, nation
ality, religion, and ability. Culture far
transcends practices such as cuisines,
art, music, and celebrations to also
include ways of thinking, values, and
forms of expression. These ways and
forms are in constant ux, renegoti
ation, and evolution. Schools then

systems approach for cultural can refocus their lens for viewing inclusion that broadens what ethnitudents' cultures not as "de cien groups, classes, sexualities, and aieisi to overcome" (Paris & Alim, ties are privileged in the creation 2004, p. 87), but as assets. Students maintenance of traditional education different cultures possess

vibrant realities and rich reservoirs

Research suggests that many of knowledge. By making all cultures students whose cultures are more natter, our students' cultures can be closely aligned with the "cultural positioned as strengths and as the fabric" of schools experience praise and are viewed as more dedicated and innovative learning. than those whose home cultures differ. Educators committed to understanding both the concept of culture and many different cultures
