On April 21, 2021, USDE issued Interim Final Requirements (IFR) that include examples of ways in which an LEA may use its ARP-ESSER funds for a wide variety of activities related to educating students during the COVID-19 pandemic and addressing the impacts of the COVID-19 pandemic on students and educators. USDE's IFR also references the ARP statutory requirement that an LEA receiving ARP ESSER funds must reserve at least 20 percent of the funds to measure and address the academic impact of lost instructional time on all students through the implementation of evidence-based interventions, including but not limited to interventions implemented through summer learning or summer enrichment, extended day, comprehensive afterschool programs, or extended school year programs. Moreover, USDE's IFR states that the LEA must also ensure that such interventions respond to students' academic, social, emotional, and mental health needs and address the impact of the COVID-19 pandemic on groups of students disproportionately impacted by the pandemic.
